Description

Where space is really limited the "V" designated models are ideal, they have the same technical specification as the portable wheel mounted models, but their compact and aesthetic design means they can fit in the smaller areas. All models are fully automatic in operation, require minimal routine maintenance and are built to the highest standards of quality control. A three year receiver warranty is offered on all machines.

Features

- 10 micron airline filters
- Adjustable outlet pressure regulator
- High clarity receiver and outlet pressure gauges
- Easy to use air receiver drain
- Manufactured to the latest quality and construction standards
- This model has a 1/4" bsp female outlet.
