Description

This compressor features an extra hard wearing pump unit for long lasting reliability and resistance to wear. Cast iron barrels have finned manifolds to improve cooling and an over sized crankcase for better lubrication. Ideal for heavy prolonged use - the right choice for serious DIY and smaller professional applications. This compressor has 2 x 3hp motors to provide maximum power from a single phase 230v (32amp) supply. With twin pump units there is the added benefit of single continued operation in the event of a single pump or motor failure.

Features

- 32amp supply
- 32CFM (906 litre/min) piston displacement
- 270 litre air receiver
- 2 x twin cylinder single stage pumps
- Cast iron barrel
- Oil lubricated
- High efficiency pump
- Aluminium die cast valve plate with steel rods
- Made in Italy
- One year warranty

Specification

Field	Detail
Model Code	05251
Displacement (cfm)	32
Displacement (L/min)	906
Max Free Air Delivery (cfm)	22
Max Free Air Delivery (L/min)	623
Max Pressure (psi)	145
Max Pressure (bar)	10
Lubrication	Oil
Dimensions	1200 x 605 x 1700mm
Electric Supply	230v
Motor Horse Power	2 x 3hp
Air reciever (Litres)	270 ltr
Weight (Kgs)	170
